Summary: Since things will keep escalating without fixing the roots of a causing the tumultuous divisions in the Middle East's theology.

The Middle East conflict can not be resolved, until the root problem with rectified.

So as the provable return of the Messiah, I will explain how to solve som

Biblical prophecy relayed in Zechariah 11, that after the 70 years in Bab the Messiah would come against the brutish leaders over the people, who sent by God.

When these leaders chose to reject the return of King David, with his nar symbolism within prophecy, they divorced the Lord of Creation (YHVH) fo

Thus the Abrahamic Covenant was nullified in Zechariah 11:10 at their re Zechariah 11:12-14 they broke the Sinai Covenant, when they paid the pr their Lord, and their King.

The Curse of Moses in Deuteronomy 28 was then placed upon the Tribes temple destruction they eat each other's flesh due to starvation (Deutero 11:9).

Now the earlier followers of Yeshua, were a continuation from the Essene Pharisees, Sadducees, Levites to be cut off, and were called Ebionites (Zechariah 11:11.

Because the Ebionites, and other rebel movements were against the occu Empire, this became a threat to the Sanhedrin's control, and so they ord anything possible to stifle the movement. Paul made up Christianity, whe explaining that Simon petros left the followers of Christ, and joined Paul Christian was first applied in Antioch to their Gospel (Acts 11:25-26).

A relation to Muhammad was an Ebionite, who taught him much of the Bib been rewritten by Christianity; where instead of the Messiah coming to c some sacrificial offering, which defiles the Law's of God in many places.

Now because the Quran is about how the Jews edited the Bible, most moc not understand that their Pharisaic Rabbis in the past, literally created

Thus currently from a Muslim perspective, they need the Rabbinic Jews t
accept that their Pharisaic forefathers, did make up Christianity on purp

The next problem this has escalated, is theology has become muddled up
Hebrew is the God Most High, and is above the Divine Council (Elohim).

Because the Jews since Babylon removed ideas of the Divine Council, be
polytheistic, they've made the Bible to become henotheistic instead - wh
Divine Council, and turn that into the God Most High. So the modern day
YHVH is El Elyon, when the texts shows otherwise, and because the lang

El (H410) is the Source of reality, and referred to primordial deities with
something breathed into reality, such as a Divine Being or Avatar.

We can show in the Synoptic Gospels, that the writers were trying to cor

The Quran references the Divine Council twice (38:69, 37:8), yet by that

We can show that in the Psalms it differentiated between YHVH & El Elyo
Psalms 18:13, Psalms 21:7, Psalms 50:14, Psalms 78:35, Psalms 92:1.

In Job it differentiated between Eloh (Divine Being) & the Almighty: Job
22:26, Job 27:10, Job 31:2, Job 40:2.

Thus when the Quran is trying to say, that everyone should only worship
is in reference to the God Most High, and we shouldn't make any other pa
other lords, as everything comes from the Source of reality.

The Divine Council in ancient times were known as the Lords of Light or

The other huge problem that has happened due to the Pharisaic authors r
been completely confused that Yeshua was a reincarnation of King David
in Psalms 89:19-21, that David was appointed as the Messiah. Then in Is
