Actually Sorry again is there any women who don't try and shape men to

Please don't misunderstand this, it is not hurt, or sexism.

Just I don't think I have met a women, who isn't trying in some way to do

I am not taking sides either, when I look at it, it is only from a spiritual

This is not to say the changing isn't right some times, it is the limiting o
certain way and then trying to mould that.

I hope you can see what I am getting at and its not women; I will point o
lol

It is a problem!

To be like a matriarch is right, to nuture and guide.

Let me try to explain it better:

A girl gets together with a boy because he is not cool and quite weird, y
that can change in him.

They marry spend years together, yet she is that buzy trying to fix this n
he has turned into a prince, yet she limits him by constantly treating him
Or the other way around.

Why is this not directed so much at men and more women, men normally
find her attractive and are more blatient, they just fancy her.
