Summary: Faith is a feeling from the heart, that we all have, not some re
Faiths is the division and the separation of our society, to produce ego;
terms of faith and in fact the opposite, as we will explain.

Ok let begin where it starts on the words faiths and the attempt to make
stood against that...

We look at the whole picture more if we realize in our past as a human ra
(Jesus') time, where not a better place far from it and further evils to wh
didn't hear about it...

Now one thing the man stood for as person and not what he said yet did
that we could have better world if we worked together as his own followi
was continuing. Until the Jewish Priests (the Pharisee also) and Romans
which is one of the worlds biggest covers ups destroyed and murdered m
to India or the Himalayas as recorded.

Now these are the same peoples who then established the faith and not w
to anything Yeshua or the bible said; instead taking parts and making a
hiding the truth.
The only problem is many now take this truth as to come from Yeshua's o
from god...

Yet how can it, you see we live in hell this is hell which you perceive as
wrong there is lower then here being soil...

Yet for the point of evaluation of your own surroundings and reality, plus
started we will explain...

You see whilst you base your assumptions, that this is not hell and is he
many whom fall short, why?
As this is a place full of ego and sufferings things decay the die, heaven
unconditional love and wisdom.
So when Yeshua said heaven is within you indeed it is, as al contain wis
if they accept it, and this take faith...
Now this is where the others go wrong and especially meaning Christians
follow Yeshua they don't they have been rounded up like sheep's to the s
should hurt these people it was as they are often hurt they become Chris
as an emotional crutch, as it gives them something to belong to...

That is in no ways wrong, it is what happens after as the gradually adapt
anti-Christ behaviour, you see...
Faith stems from the heart, we all have it, we don't need some sacrificia
it...and in doing so defy the Bible...being Christianity (sorry yet 100% tr
according to the bible)

Now that is what Yeshua asked people to have faith in God, he didn't cla
can else it relates to nothing, this is the main problem of why we started
As when someone claims faith as belong to them or the cult which they fo
remember this is hell, so because Yeshua Buddha and many others found
reality we perceive there is a constant undying Zen, of Dao logic woven i
locking mechanizism that helps you uncover more...
What did they find?

Oneness!
You see without this we have nothing as Lao Tzu mentioned that it is the
makes us even be here...
Now back on to the Christian point and why the beginning of separation o
dogmatic attitude, to follow another as an authority over something whicl
you and God; as no one can take your faith it is your own and very uniqu

It is almost like the spirit is a shell for the faith and the faith is the ene
to go and get up and believe it can carry on...

So with most Christians and the word stemming from Paul in the first pla
wrong unless they follow Christ, and we wonder why we have all others d

You see by proclaim that as being faith to begin with then you have othe
can associate with to call their own.

It doesn't provide for more faith among society of the real kind in fact th
as we are finding and why it needs separating and stopping.

You see the bible it self's shows and said this would happen, that it was
people in the power seats, have stayed there; whether people have wante
force and murder.
Now we have a world that gradual is becoming true believers in God and
come back any more...they sleep as soil...in blame and classifying as the
Yeshua against Christianity or the Pharisee Churches that are in no way
teach as Balaam (God would sacrifice his own son).
You see they become soil after here and if they have not the respect, too
blaming others here; how can they ever except to get to heaven?

So that was the test as snare and as written Yeshua came to bring the sw
He knew they would forge and do what happened after him why?
Zechariah explained it...

So when that is out of the way, may be we have already explained what f
to be back...

As the energy in your own spirit can become more and is doing on a glob
through the use of the net we can talk and confidence is growing globally
many and millions of us doing this same thing.

Now with most Christian and very dogmatic peoples choosing this to be a
correct as it is the final battle grounds of Christ, as Yeshua stated...you
talk on lightening across the world...well internet is this...

So anyways once all the pre-idols tic views of Christ and what it was abo
the man stood up for more then he talked...

As we see from the writings of who was also clearly a Pharisee and what
gospels, and this being evidence against them self's...

He believed if we all worked as one and as a family could; we can make
now this doesn't mean follow him...
Yet follow the oneness that Yeshua showed and we all know and understa
Not Yeshua is this oneness as John put, yet that God is the oneness, He
and in desiring the love of another before this, again proving iniquity an
So whilst we seek outwardly, we are basing our house on sand, the house
when you understand you, you can then understand relating that faith to
the faith lacks if you can't have faith in your self first, as then the same
all you know within you.

If you say outwardly I know this faith another had, whilst this is nothing
how does that relate to heaven and oneness if you had no faith in it to b

You see with countless millions now saying they are finding it harder and
what does that produce?

More faith we can make it or finally one by one other given as all around
control dramas as that is what they are trying to give you energy as they
another to begin rather then find the source of this...which each and eve

You see you are made from the fabric of the universe and within that is,
consciousness exist and always will, this is you hear it see it feel it, yet
framework made from a core of God (central processor of all consciousne
beyond) with wisdom surrounding it and the begins of what made the univ
love being the edge surround of heaven as spoken of the temple of the lo
Yet be real it isn't something that can be measured the tape measure wo
do you measure something that can't be...

As in try and measure faith? Can you? Can you weigh it out in portions a
many?

Well guess the answer to that is no?
Why many may say well they do and quite well at it thank you...well the p
anything you are splitting up the original whole portion...
Same applies with faith...there is one god we all know this and feel it th

calling anything that is finite ...infinite is madness to begin with...as on

So it is with faith while one is a positive that can shine a light where ev
what I am trying to say...within heave the whole of heaven is filled and l
songs of god through this you are feed it is energy it is life of the unive
could say it is the pure electricity of a massive super computer that we a
process, distributing not random, yet carefully calculated variables on m
is our reality...

The fact this is printed as an eye with a pyramid under is near correct as
died...now given that we can find countless other references...you can ta
you die, yet 95% of the time most don't remember...

So if we dis-attach this need of faith in the dead as that is what this par
the whole, as including heaven, that is where everything stems from that
body is dying from the moment we are born and take our first breath...it
life that is all...for one to sustain the other it is that way...

Yet if we take on board all of the religious books, into question many rel
given that with my NDE hell is ego and heaven is oneness we only have t

Now if to proclaim you have religion is to produce and ego by saying I ar
this...this is not oneness and so can not live in the true unconditional lo
separation.

So on the one we have millions who proclaim they are in peace, yet feel
are bad, to everyone...so making this life worse for all.
Then the other seeing this and then having nothing to do with it...

Hope you see and hear what I am getting at as it is the believe that we c
others that achieves it not a label...

Now some who follow Yeshua truly do and never get me wrong as we love
say on the one hand you follow Yeshua and John Paul or Simon peter as
As one said be a light unto many the other just hid them self from the ca
with being the Pharisee a Jewish sect at the time and still existing to thi
death...not Yeshua not god and not the bible those speak as such are fal
countless occasions...

So maybe with all of us understanding for once that this isn't some truth
brainwashing exercise to follow Pharisee concept and away from all of Yo

You see one related globally and you can say Yeshua is Buddha, Lao Tzu
reincarnations as it does occur and the bible stands by it; they don't...

Then we have to put up with the insult of the faiths or what faith are you
question on the site now; for all.
Think carefully which as all are in keeping with our terms and not this ne
be...

My condition and the world condition should be that of one of good or Go
it...what is that? Faith to believe in oneness, to believe you can make di
life...100% never less don't even question it to begin with begin less as
best that is all any can ask.

Realize that knowledge is found at the end of your nose and wisdom is fo
toes.
Meaning you will never find faith in books, you will find knowledge yet th
in and that means analyzing and it being your own...

Good way to understand that is the difference between the house and the
matching letters and what have you...use me and in that we have what ma
So if that applies to everything which it does...then if you read the word
are never yours, it is just a building you visit on occasions...
Yet when the place is something you cherish and work on, then it begins
consciousness and faith...if you leave your life to rot, slowly depression

Yet with a little more effort we see more energy, often many get that con
do something yet in a lot of the times getting a hang over or side effects
So destabilizing them and the world we live in...as with countless million
faith per day due to alcohol...not as God choose not to accept you. as go
God will not accept ego, which may get when they drink old wine and so
can observer many do, yet Christians presumed they meant something els
Yeshua said not to drink...the Pharisee didn't and so re-establish this...
Yet given it makes us old as we drink in the old, we become it, then we a
This is where wisdom dwells as the knowledge remains...yet take in to ac
cant take your knowledge with you...
The wisdom the skills yes, yet not that you know more then another of a
anywhere as god knows all and feed the universe with faith which is the
someone force fed you a religious book as being that truth.

As with out the light of faith shining and holding the reality, it isn't and
this is how Yeshua walked on water...I have seen countless miracles and
am getting them as my faith is so strong and why we have site named as
who are like this, who will believe and will achieve regardless of obstacl
Now with enough people's who do have faith and will believe it; encourag
group of moaning individuals telling everyone that others all are wrong,
belong to...and so walk away from God!
We sit here with open arms saying in fact we love all and wait one day to
and miracles...that do not pertain to another's first before you speak whi
are God to begin...as is all...why I stand so strongly against any who wil
so apart of from people...as that is why now I say this is hell and if you
you will work a lot hard to fix it...which many don't as they think they ha
correct the one who fall short will not be whom you expect and so...there
it is oneness we all need and want...if we achieve this...others can...yet
faith in the true light which we all know and love...not a version of this l
whom you are being Yeshua...as like said wisdom is where the elders sit
one of these and so the fabric of wisdom to begin in this reality, it is inc
only part...God is the whole.

So to sum up faith is not a religious contract, if you do, it is not faith...
Faith is knowing God without needing pre-written knowledge of another's
