No things in this universe/existence are random or consistent. All things are given to us. All things happen for a reason. Happen is because it mu consistencies, randomizations fall under the category of consistencies. C expectation. The ability to aquire and manifest an expectation blows an a consistencies which ultimately lead to negated emotions. To completely r emotions one must understand this philosophy and live life free flowing. are only a product of human narcissism. To live not expecting anything is miracle. This must have been what Einstein was talking about, yet did he the universe, the universe does not expect, it flows, it changes like it mu honest and truthful in its ways, it has no desires, it has no expectations must and will be.

Expectation---Consistency---Negated Emotion.
