"...DNA does decide everything. color of hair height ect... Ever hear of D
DNA determines certain breeds of cats do not have tail. They were bred t

I was expecting an answer such as "God decides everything and not DNA
everything or God?

If you have blond hair, is it because DNA decides that? You have blonde
parents had it... DNA is merely transmitting the trait to the offspring. Si
to ask is: Why do I have parents with blonde hair rather than black hair?
Where is free will then? Becasue I deliberately picked those parents? ma
about...

"Yes human souls are different because God breathed life into humans. H
by the way, there are 5 differnt colors of dirt-red brown black white andy

Souls don't breath. God created us from dirt??? You are the one that spo
me to believe that?
and that there are 5 colors of dirt??
Is this reasonable? Which color of dirt were Adam and Eve then? and how
existence?
