it's okay, i totally understand where you are coming from.. i was once in through everything you are going through.. but there is something else o feel love, truthfullness and honesty. It's not about scriptures, and it's no believe in... it all resonates from how you treat people... it's all about th message you send. If you can realize and accept this, then you will reali ARE wrong... are twisted, and HAVE hidden lots of things from the peopl you need to know how to talk to him first.. and you have to believe in the doing just that, you've already seperated yourself from organized religio don't take to much a liking to being compared to people blowing themselv such a thing even if i thought a higher power instructed me to do so.... l anything in this universe... you only get one, then you're gone forever. A proper religion, with a touch of philosophy should lead you to the answer don't give up hope man, the universe is BIIIG. go do a search on the hub universe is huge and beautiful... mysterious and wonderful. anyway i got thanks for sharing your thoughts :) it's nuice to get to know the people t give up on a higher intelligence... it's out there.
