the hardest part about all of this is speaking out... 'cause then people s
is no such thing... yet, then again... what the bleep do you know? hehe I
imagining things, i felt what i felt, and i saw what i saw. You have to put
different mindset to even achieve this... or at least for me. Just go outsi
your eyes and lay in the grass... feel it, look at it, closely, taste it.. app
a totally different person, and feel extremely different within minutes. I't
this universe. Look we still can't even get past judging each other over h
of that realm for a while.. this whole planet is acting silly.
