I feel the devil exists whether we believe in him, or not.. Because Yashu heaven." Plus the bible goes on to talk about how Lucifer wanted to asce there was war in heaven, and the devil and his angels were cast out! Thi how you can ignore that..

This belief that the devil exists only because we believ in him, and by do him. Thats not the case. When we do bad things, over and over agian, we These attach themselves to our Astral bodys and influence us to keep the IS going. Because it wants to be fed.. This is completly different than Lu stand alone entity! The same thing has happened to him. Because of his astral parasite known as satan, or the devil. The results of disobedience even an angel. Its the same for us, as humans. Its our choice, using free thing, or the wrong thing. The wrong thing creates astral parasites, like us, feed off of us, and drive us to keep it goping.

I have read many books by healers, hindus, and out of body practitioners thing. They all see astral paraasites attached to our astral bodys. Smoki that craves nicotine. Lust creates an astral parasite that craves the obje astral parasite that makes us covet, even when we dont want to. Sunday parasite that wont let you see the 7th day sabbath. ect, ect. None of the who has rebelled and is now called satan, a stand alone entity. The same him, that can happen to us, if we arnt careful, and aware about these thi

We have to be careful, because even New agers have been told by their g that we have to know hate, to understand love! What a buch of crock! Tha or Lucifer; take your pick. The other created worlds who have not fallen, never have experienced it. Yet they are full of love.

This was Lucifers arguement in heaven, its how he started a war in heave angels, "we cant really know love, unless we learn to hate also". They ha talking about, and because of that, one third took the bait, and fell very have become pure hate, and are not capable of loving anymore. This is w a point, God turns them over to that sin, and thats what they have becom dont screw with me; I will make you become that sin, and you will never

Please consider wat I have said here. The investigations into the astral body practitioners and even many hindus, simply do not support your vie evidence that says the opposite. Not to mention my own personal experie am in a war with him. and I will see him burn up in the Lake of fire, on t
