Summary: After fulfilling Revelation Chapter 10 by chance and then at that time asking, that my name be in many religious texts here is some of our findings and a growing list.

Zanda = is me; spelled it like that since I can remember, and got quite infuriated if people have said spell it differently.

Even when people have said and asked why not spell it Xander; that is not my name since birth, may sound strange yet later after finding all of this out, it makes me certain.

Rev 3:12 Him who overcomes I will make him a pillar in the temple of My God, and he will go out no more. And I will write upon him the name of My God, and the name of the city of My God, the New Jerusalem, which comes down out of Heaven from My God, and My new name.
