Hopefully my poems bring some insight,  
Hopefully one day,  
We will be light!  
If only we can learn,  
Not to fight!  
Through my life,  
I`ve seen,  
What it means,  
To be free!  
Many are trapped in old ways!  
Surly they`ll have shortened days!  
Don`t you know?  
Anger is wrong!  
The lord sings,  
A different song!  
Justice and might,  
All things right!  
Don`t get me wrong,  
It is only fear,  
That holds us back!  
From a lack!  
No love,  
So learnt to shove!  
May have changed our track,  
Can still turn back!  
If someone tries to preach,  
Ask?  
They might teach!  
Instead of be a leach!  
Learn to humble our selves!  
This is where wisdom delves!  
Don`t put our heart,  
On a shelf!  
Never learning the secret wealth!  
It will destroy your health!  
If you make a mistake,  
Stick on the brakes!  
Possibly reiterate,  
For heavens sake!

Apologies,  
Before it is too late!  
Else you might,  
Miss some one great!  
Where would that leave your fate?  
On that eternal date,  
Don't think it will be late,  
Everyone must be judged!  
Pray they don't begrudge!  
Heaven holds all clear!  
Understanding what it is,  
To live here!
