Where do I go?  
What do I do?  
How can I find a path?  
I ask my self?  
With all my wealth,  
All my stealth,  
I still don` t know where live delves?  
Yet in faith!  
I find relief!  
From such grieve!  
Who knows what tomorrow brings?  
Now this is the thing!  
Here what we sing,  
You don` t play the game,  
The game plays you!  
You only have free choice!  
So what to do next,  
Don` t go getting all vexed.  
Follow the flow,  
Like the valley,  
You know!  
That will surely show!  
For water,  
Always chooses the lowest path!  
Yes!  
The valley may wind and turn!  
At some points,  
Even churns!  
Don` t rise up to earn,  
Or yearn!  
This is why we gurn,  
Nash our teeth!  
It`s harder,  
You see?  
Then Simply,  
To be free!  
In the valley clear,  
With out the strife!  
Obstacles you may find,  
Yet as hurdles,  
They will come!

Shouldn't make you all glum!  
All you have to do,  
Is to find a path!  
Through a must!  
Learn to adjust!  
Aim to be trust!  
Stay strong like the grain,  
Learn From the pain!  
That will guide you over,  
Then the flow,  
Stays with the song!  
Don't go getting it all wrong!  
Don't Change in the wind,  
Like the chaff?  
Changing your path,  
Always just having a laugh!  
Stay strong,  
Keep going on!  
Never say,  
Never!  
Always say more!  
Know the score!  
Know what to look for!  
Stick with the core!  
Don't look so deep!  
That you can't get any sleep,  
Or hide and along the side,  
And creep!  
People don't see you as deep!  
Water goes through the valley,  
Winding with its might!  
Yet it doesn't fight!  
Instead it,  
Changes its course,  
With all that force!  
Gets it right,  
Without any plight!
