What`s in question?

In this life!

Why is there,

Such strife!

Why don`t we live?

As we should!

Half as decent,

As we could!

Do we not see?

We have one mother earth!

What new are we worth?

She gave us our birth fair,

For us to protect,

And care!

Are we unaware?

Stop the moaning!

Solve the solution!

Be the revolution;

Stop the pollution!

Let that be the revelation,

Of the nations!

We are of creation;

Let`s create,

Not hate!

Why are we here?

Not to earn.

Not to destroy,

Rather employed!

Don`t be decoyed,

That is the ploy!

Help save our fate,

For heavens sake!

We can make it here,

Have no fear!

Possibly change your career,

Help steer,

The future clear!

That the children can cheer,

We can live here!
