First compare;  
Are we unaware?  
This brings the want!  
Hear what we sing;  
We tell of a thing,  
Complex in nature;  
In every creature!  
The more you see of this earth,  
The more you realize your worth;  
Why your birth!  
Everyone is special,  
In their own way;  
Everyone different,  
Part of this day!  
It's hard to see,  
Many hide, Inside,  
For Sins they've committed,  
So repent and be acquitted;  
Unless you relented!  
Because we are tempted,  
so become your true selves,  
That you were in your youths!  
Know where lives delves,  
Don't be deceived,  
You have to believe,  
else you'll never achieve!  
Follow the way,  
Clean and just;  
Have trust;  
Don't look in disgust!  
They say you must,  
This is unjust,  
Brings such un-trust.  
Clean your mind and Adjust.  
Don't lust, they've more;  
Oh what a bore!  
Instead be sure,  
Your heart is pure,  
This will endure!

Strong in that fact,  
Don't slip back;  
There is no lack!  
Don't make that contract,  
Have ego on your back,  
We are light;  
Each one bright,  
Protecting a future,  
That has gotta be right!  
Instead we bicker and Fight;  
Why not unite?
