Summary: All religions already interlink in their own special way...

Here is something that makes our spirit frown,
Really gets us down!
Is it not written?
In all that we read?
From man comes greed!
We implore you,
We plead!
Be not deceived,
All has been conceived;
By God!
Though man really is a sod!
We twist bits,
Even in how it`s wrote,
Man is a goat!
We try and say it clear!
It isn`t always as meant!
We use our own judgment!
Don`t get me wrong,
It is the lord`s song!
Yet we can twist bits,
While thinking we are legit!
Not that the books aren`t right;
It`s a lot of mans Insight,
In plight!
Probably why we fight,
Over which ones right!
If we read it all,
Then we may walk tall!
We learn to see,
There is just one God of infinity!
With many names,
All the same!
Different pieces,
From different species;
Puzzles of the game,
Yet take it at a glance,
To yet enhance!

Don't fill your mind with clutter,
Then get all a flutter,
Don't just mutter
Or Fall in the gutter!
The path is slippery,
Like butter!
Be aware,
Perhaps even dare,
Be strong in the facts;
God is more than that,
We see in each,
Then finally we might teach;
Instead of leach!
Don't say they are different castes,
That was in the past!
Everyone holds its own,
Zen has a koan...
Ways of God,
Through nature on loan!
Though the creation;
The creator is shown!
Reincarnation goes round,
For Buddha's are found!
Yeshua did sound,
The Bible is pictures,
Of a history book;
Often over looked!
Many things happen again,
The Koran is the same,
Argues with Christians,
Because of blame!
Which is a shame?
Why when they come from the same?
Mix up with the name!
Yeshiva is Hindu,
The lord of dance;
Who is true!
Braham is one,
Creator of a song!
The Dao is complex poems,
Which are really flowing?
Water is a truth!
It is in you as a youth!
Simple and proof!
One ultimate teacher,
Never a preacher!
Do something wrong,
You won't last long!
God is all the song,

We live in Zion!
Wisdom is the key;
Love is the answer!
Heaven is all you see,
Let`s learn to be free;
Work in harmony!
With all as one,
as true;
That is all of you!
