Summary: A Parable of the seed taken into gardening as poetry...

You started with a seed,  
Too Hopefully succeed,  
Carry on your creed!  
Slowly the roots,  
Start to grow,  
In different ways;  
Many strays,  
Nothing much we can do!  
Go ahead live it through!  
May seem hard at the time,  
Oh how it feels a crime;  
Don` t you go get upset,  
One day their bell will chime!!  
Karma is set,  
Don` t forget;  
Everyone serves their time!  
Don` t go and fret,  
Nether really forget,  
That will make it set.  
Instead learn to let go,  
Let love really flow,  
Then learn to hate so!  
A plant shouldn` t stop,  
Your soul is the crop.  
Learn to nurture,  
Not torture!  
Mend broken bits,  
Fix it thats it.  
This is the task!  
This is where we fall!  
We never Get through it all.  
Many fall back,  
Make that contract;  
Fear on their back,  
Can` t stop the lack.  
Help them recreate,  
Before it is too late.

In a garden Fresh and clean,  
Where Nothing is ever mean;  
A place like a dream,  
Where Good Does gleam.  
New soil,  
So there is no spoil,  
Wherever toil Roots grow fresh,  
Pain hurts you less!  
In this Garden,  
You have to share;  
Not all burdens,  
Are carried there,  
The Gardeners here to give a hand!  
Only truly when in demand,  
Not at your command!  
Only way We see Good,  
Is through each other,  
So Give each other a break;  
Don` t judge for Goods sake.  
Judge your self` s,  
Is all God asks!  
Is that really,  
Such a hard task!  
Give each other,  
Like sister and brother!  
Doesn` t matter what the creed,  
All are now with God indeed!  
Don` t let others stop And fall;  
Because the weight of it is to much,  
Leaning on a crutch,  
Soon you loose touch,  
Slowly they fall back,  
In to the clutch!  
So keep up with the task at hand,  
Try and do what God has planned!  
Instead of try to choose your path,  
Which really does make Oneness laugh?  
Only Oneness helps our way!  
If life gives insync's!  
Follow quickly,  
Instead of leave some one sickly!  
Hit a brick?  
Don` t you see that` s it?  
That` s the bit!!  
Show some light,  
Get it right,  
It` s just the hurt,  
The entire plight,  
No one really wants to fight!

Show some love,  
and all as one,  
We may grow strong!
