We think we can hide?  
From when we have lied?  
Do you not think people have tried?  
What happened how they died?  
As brought up and tried?  
Could they then hide,  
All they had been,  
All they had seen,  
How could we have been,  
So mean;  
So green!  
If Only I could have foreseen,  
We thought we were are so clean!  
Let`s live as we should,  
Truly be good!  
If this is misunderstood,  
Then what may we say?  
If we knew the way!  
Try to perfect it,  
Until the end of our day!  
Not to sin,  
Not to stray! Else become a star, As this poem does say!  
So that In all that we say,  
Rather keep the truth;  
Help teach the youth!  
Give all your love,  
In all that is true;  
For that is you!  
For the one who created us,  
Loves Oneness, is us,  
One life that was gave,  
So that we all might save!  
Not love one another,  
In all that is good;  
Because it`s not you!  
Life is not slavery,  
To Mammon for sure!  
What are we here for?  
Too get a bigger car?

Don't make that scar,  
So deep in your soul,  
Never to fill the hole;  
Have some self control!  
Then you may feel whole!
