Here is the reason,
We do not see,
Lust holds us back!
You think this is ok?
Listen to what we say!
It twisted the mind,
Makes you want!
The desire,
Can set you on fire!
Animals as well!
Why we live in hell!
We all have souls,
Oh so pure!
This is what we should adore,
Not go hunting for more!
Something real for sure!
The Inside that counts!
This is what it`s all about!
If we are in love,
It`s as we should!
Not go seeing,
If the grass,
Is greener,
This truly is meaner!
We lock the door!
Leave some one behind,
Plays with there mind!
Tell the truth,
Don`t be aloof!
End confusion!
Because of illusion,
Ends in retribution!
Its ok,
To adore at times!
Go along with there rhymes,
It will end in time!
Can`t always,
Get on fine!
Many people there are,

We could go far!
Under pressure,
Instead of leisure!
Keeping each other as treasure!
Instead of just,
Be Free!
Blending like the sea,
Floating past each other!
Two rocks,
As it should be!
Not attaching,
Then comparing!
Starts the staring,
Comes the catching!
Why latching?
From infatuating!
Then contracting,
Makes it idolising!
Why we ensnare?
Are you not aware?
This causes the affairs,
Relationship gets bare,
Want more flare!
Though they still care,
Maybe should share,
Be like the sea,
Teach,
Who ever we see?
May be then,
We would be,
In Perfect harmony,
Instead of leaning,
On each other!
In the end,
Is mistook,
It's over looked!
Do we live?
As the sea,
Does state?
Rather than hate,
Just create!
Make something great!
Don't hold on,
Till it is too late!
Change your fate,
Can't help adulterate!
Ok you like there breasts,
That is just a chest!
Ok you like there look,

Why look at there butt!
Doesn` t that make you feel sick in the gut?
Are we really such sluts?
Where is the way a child has been?
Simple and pure,
Oh so clean!
Learn not to lean,
On all that we` ve seen,
This is where we fall!
There nice,
At what price?
All to impress!
We are under duress!
Oh what stress!
It makes us less!
Round we go for one another.
Just to find the perfect lover!
As angels,
We should flow!
Teaching each other!
What we do know!
Helping along as we go!
We all change!
Rearrange,
Start acting strange!
Men and women,
Are just the same!
Different angles,
Of the game!
We try to tame,
This is a shame!
First lovers!
Then like sister and brothers!
Sulking under the covers!
Thinking about another!
Try to choose our own lover,
We can` t tell?
What` s in the shell?
Eggs always come in batches!
People Play,
How many catches!
Unless your yokes,
Truly match!
Both souls truly hatch!
Hearts just latch,
Won` t even have to catch,
Yokes attract,
Truly your match!
Doesn` t,

Need to be a contract!
Love is complete!
Nicest person;
Could ever meet!
Even feel it,
In your feet!!
Tingling that grows,
Love truly shows,
Future can glow,
As the love,
Just flows!
On the same track,
If it is to be,
A fact!
Don't hold them to a pact,
Make them react!
Why make a contract?
Unless to hold them back!
Feeling of lack!
True love is completeness!
There is no weakness!
Unless,
You add the duress!
Don't put love to the test!
Give of your best!
God will do the rest!
