I think that there is no point in saying what is Christian or Pagan as in the matter of your traditions or your beliefs, we are all part of the same creator with all our "knowledge" about what is truly "pagan" or "christian" stripped away.

I think circe is right, to think that doing one thing that is practiced by another religion is ridiculous. Mind you over time all religions grew out of one another's aspects of another religion so we are all of us all religions... which is weird in place, hmmm... circular...
