In Isaiah 52:14 there is a missing Yod, that appears in the Dead Sea Scrolls; thus the reason for many seeing Isaiah 53 as being Messianic.

Here is our translation of it, based on what many already use:

'Isaiah 52:14 Just as many were astonished by him. For my Messiah appears as a man, and his form as the son of man.'

'Just as there were many who were astonished at him - so I (God) have anointed his appearance, unlike human semblance, and his form unlike any mortal.' - Martin Hengel
