Each religion's texts is not what it seems on the outside.

The Jews will tell you the Bible is about them being a chosen people. They are chosen for destruction (Exodus 34:10), and a few will be saved for being decent people. It is not everyone who hears the word of the Lord, and obeys. So though people pray who do are often the ones condemned in the process.

The Muslims & Christians try to continue they are now the chosen people. They have rights; yet Yeshua ended the Sinai (Zechariah 11:12-14) and Abrahamic covenant (Isaiah 11:10).

Thus both Christians & Muslims both try to graft themselves onto a defiled tree. They don't listen either. The Jews have been selected out of the Tribes of Israel, for not listening, then everyone follows their examples.

Thus now we have lots of individual religions, when all the world's religions teach the same thing in different ways - our reality, and what are moral social ethics.

In ancient times many of these religions were quite similar all teaching the same things: Kykeon, Shewbread, Soma and Cannabis Holy Anointing Oil, Bhang, Haoma. But now everyone has been told to drink alcohol, which was banned as it causes wars and makes people divisive. So now all the religions have been set up by going against nature.

Thus the Rabbinic Jews think they really smart, as they've set up the Gnostic religion. The Matrix films - which isn't the Source though. Which originated all ideas of the Bible, there is condemnation of those lying to the Gentiles (Isaiah 52:1).

Thus though the Rabbinic Jews think they're winning by keeping information hidden, they says God has brought them back to burn them. The Muslims think they're chosen above the Jews, and also don't read the texts they are claiming to follow. The Quran informs us of Biblical characters, and tells us to believe in them; but it is conjecture, a Muslim is then meant to understand what they are following.

Thus the Quran is a hypocrisy test to see who actually reads the world's scriptures. A true Muslim is a theologian who spends their life dedicated to understanding reality (Allah), and helping others learn about errors in their religious understandings. Understanding Oneness is not exclusive. Yet Muhammadans have become like the Pharisees, they don't listen to understand, they read to argue.

Christians think they're following Jesus, yet they are following the Pharisees (John 8:12).

.J+se isn't even Christ's name it is a swearword. Isa is also a translation translation or direct meaning reference of the name Yehoshua or termino Lord Saves or Shall bring Salvation.

Thus basically to summarize it is fascinating, the more you read religious create hypotheticals of what they think religions mean, and often it is th studied.
