I've spent years wanting to cry when I wake up, and none close to me ha properly why...

The reason is, I've been sent with advanced religious prophecy, and know near Hell before the Great Tribulation.

Like my first nervous break down was at 12, because as well as dealing w I'd also spend most of my time trying to ponder how I'd single handily in already following the Antichrist's teachings - which by its nature proves way.

I'd sort of decided back then, that if I wrote music I'd win the hearts of t easier to include the hypocritical contradictions.

The problem is since 24 on reading the Bible, I've realized people might and art I create, yet they don't actually want to change their doctrine, an own immoral hypocritical standards.

According to the world's religious texts, as stating above, Source plans c and keeping those who got it... This is highly unfair, as many of us don't understand some of the assessments.

Having no one to confide in most of my life with this situation is ridiculo me seem to expect getting a partner is a solution; yet this then overwhel sort of place this decision for the fate of humanity on someone... This is it is everyone's.

Without any assistance, religious prophecy will soon be fulfilled: where v War 3 with Iran, the Judgement Day Fire cleanses reality.

By definition of what the religious texts determine, many of the individua here after, as they eat animals, drink alcohol, don't have entheogens, en accept human sacrifice, and are predatory within their nature.

We're coming to a new reality, where the Enlightened Saints have ahead and get resurrected after the Great Tribulation.

If anyone wants to know how to be invited, please ask; as I've sort of los appears people didn't really want to listen properly in the first place, els here. 😇💔🌍
