7th has now created a rule preventing me talking about what God has started to fulfil prophecy in multiple places globally.

I've warned him that his rejection of the Jewish sages will lead to the annihilation of the world and he doesn't care if humanity gets destroyed because of him.

If you'd like to exist, please feel free to either ask 7th to study contexts of the world's religious leaders, that the Messiah is online as prophesied, with the world's religious leaders on Judgement Day.
