Dude here: They see it with their eyes. Everybody has a spirit body, "is connected to our flesh. When you sleep, your conscious often transfer (astral body) and ya dream. Just before sleep is a zone in between states this vibration or "state" one needs to activate, to transfer you conscious

At that point you just "will" yourself to wherever. The astral body see has eyes and hands and feet, just like our flesh does. Its an exact copy any out of the body stuff?

Paul had sevral out of the body stuff, and even wrote, "to be out of the Lord". EVIDENTLY, Paul was taken to heaven I guess, for reasons to help that statement to prove, you go to heaven when you die. But that is not i all the time, take things out of context, destroy true believers as heretic out. Churches and denominations have become terrible, horrendous place the dragon, just like it says in Rev 13.

But not to get sidetracked, it should be fairly easy to do out of the body to heaven, or been out of the body? Could you please share that experie
