Even if any of this is true, how does it effect me? I honestly don't care unless I can relate to it. Big deal, so Satan is a woman, and the Christians are arguing over bible verses again. It will go on for the next 2,000 years, just as it has in the past... more wars will be waged in the name of religion, and the athiest will continue to coax the loving hearts to their side untill we eventually achieve peace.
