Summary: What is Spirituality? How does this involve Heaven? What is H
Answered!

Many people around the world are searching for a more spiritual life, as
doesn't satisfy people and people are finding they want more to life.
Yet what does spirituality actually mean? As many people have asked me
There is one thing that is in all religious books around the world, and jus
of this up. That word is oneness; when I died at 23 the thing that I calle
oneness". Why I shouted that at the time I wasn't fully aware, even thoug
books and spiritual books, it wasn't apparent how important this was. Ye
root of my soul, I was taken up in a bright light as many people say they
through a tunnel.
The place I reached was heaven, yet really a true name and a definition
So what is oneness, heaven was made up of 3 levels, the 1st was uncond

The next was wisdom; this level contained and understood all the other l
who are there, are also known as angels, elders and many other names.
The very last level is God; and all of oneness (heaven) is focused on the
It is like a circle, I know I say levels, yet there is no higher or lower; al
The spirits in the level of wisdom sit next to God, and for many this is e
and knowledge in the whole universe, in one place. If you can imagine ev
it is enough to overwhelm most, only those who have excelled and have t
can be there.

The reason I am explaining this is to make clear what oneness is. The op
people moaning and not taking responsibility, for their own actions durin
apologizing finding reasons to blame others.

This is the simplest way to understand most religions world wide, as thes
difference between, why the world is in a mess and how we can fix it.
True spirituality is aiming for oneness to work, working towards oneness
showing unconditional love and above all, being at one with our fellow m
All of this is what Yeshua showed and taught, to be at one, to forgive oth
This is also the same for Buddha, who also taught to aim for oneness, La

When you tell someone they are following the wrong belief, what do they

get hurt by this and fight back and all people are the same.
You see with a belief? A lot of us have been brought up with it since birt
their parents before them.
The ego caused by this is causing more and more separation of the peopl
When Christ said in the lords prayer:

He meant it and now I will reiterate what this is; heaven is oneness the w
All it takes is every person working towards this, no matter what religion
towards this. Anyone who sits as an elder taught this, those who didn't a
is perfect and without accepting this; there is no way in.
You may ask why is there such a problem, with this today and many are w
egos and in doing so there own destruction.

As what has been taught as truth is in fact a lie, Paul is Anti-Christ; he
where Christ taught oneness.
The book of John is made up; so many people have been lead to believe
This isn't so and in doing so you honestly don't follow him, as the book c
egotistical; he is not and could not be. You are clearly shown in the othe
that Yeshua was humble and loving. So why is it such a problem, well Mu
have changed, yet not told what, as Mohammed didn't know.
Most countries around the world do not want Christianity in their country
had, have taught oneness. Now this is not to say Christ isn't right, yet C
it follows the Pharisees.
Why am I discussing this in an article on what is spirituality, as instead
become one, Christians try their best to stop it.
I understand why, as from what the Pharisees taught, you are told Christ
Yet Christ actually said to do the work of the father; since the realm of t
what being a follower of Christ means.

So from all of this I hope you understand what I am aiming at; true spirit
live oneness. Those who work for their own egos suffer in life, as ego is
and can easily fade or cause you to get hurt. What does everyone want?
have company, to feel content; this comes from oneness! As when we can
and feel at one, we are happy.
This is what heaven is, living oneness 100% and trying to achieve it here
heaven.
