Summary: An autobiography of Yesisreal the water spirit, as an analogy
eternal life.

Now in this Garden there were many creatures and each after the fall of

Now Yesisreal was a water spirit that existed of pure energy, that was fo

they were told not to!
Yesisreal promised with all its heart to try its best, to help others to see
Yet with out being as they saw others doing and taking by being pushy in
Now from this great forest that was like a dreamland, where reality could

It asked to be a spirit like lightening in each and every child, that was s

and can play all the time.
So Yesisreal has helped each and everyone's imagination of growth, like
growth, yet making the soul grow called Yesisreal!
Now Yesisreal was given a mission in dream land, where you could live i
and beautiful, if we only take care of it as we should.
As Yesisreal had a good group of friends, also whose imaginations could
imagine the most amazing things, a bit like how a seed of the mustard tr
grow as a tree should; so to allow other creatures to live in its branches
When it grows it makes a whole world in which to live, for all other creat
it's self as Yesisreal saw many do.
So where did Yesisreal start, well it looked at all creatures and saw wha
and discussed with them a plan.
So it went to the octopus and asked if it could borrow its ink to be able t
remember.
Yet how could Yesisreal do that, and then it remembered that a little cre
noticed, yet made a huge web to catch things.
So it went to this Spider, now this was a very special spider?
Even though it wasn't like any other creature it saw to begin with, it wat
happened and decided to record it.
Now it knew how to spin webs to show and catch things, yet how could it

Also as it was so small it was very clever for it size and looks so stoppe
Instead of rushing around as it saw all others trying to do as to fix these
them all down together with links as a spider does!
As then others could learn and even if Yesisreal didn't have a big web, h
important first to help stop them destroying the garden.
Not to make the same mistakes he made at some point to.
You see as Yesisreal could smile it clung on to that love in side it, for

As Yesisreal remembered how once upon a time it had come from and eg
world where nothing existed, so it made a web to live in!
So what Yesisreal did is went as a dolphin and talked with the light's of
luminous eyes that had seen the reality, as it could live in space and it
It must seek out what this means to learn a cryptic clue of lines to make

Well Yesisreal like most?. was like well I don't know and forgot we do???
We haven't got a chance of understanding that and went of scurrying in t
didn't know how!
Yet in running of Yesisreal also forgot to learn the Highway Code before
bus of people, who were on there way to church!
Who didn't even notice they just killed Yesisreal again.
So Yesisreal came as a deer, as they must see that and hear it is harml
Who Yesisreal thought cared, as had been done in the secret garden, yet
forgotten and so they shot at Yesisreal!
When he came as white deer to them, they saw Yesisreal as something di
realising this was and is the same light and spirit, which was in the deer
So Yesisreal as is any Good creature doesn't die, yet goes back into life
good, as the water goes back into life always!
So with Yesisreal love it came back as a dolphin and came went to the o
legs and seeker this same puzzle as on (9) legs they both found it a bit
Yesisreal found that it was working on this same plan, so asked if it cou
paint across time as a spider to paint, what he now saw whilst singing in
to make!
So remembering its own smile regardless, where it had been!
This made it so special to others as regardless of what it had been and h

As they are a very complicated thing as you see!
Which can take you many life times to learn, as without people realising
have been in the garden once upon a time?
They have simply removed them self through taking of its fruit and not li
with as always Yesisreal says the same.
The problem comes as some spiders build webs in daft places and we see
webs fall to pieces, as instead of checking the foundations are solid?
They build off unsecured rocks, that when removed the entire web falls,
to fix it at the last minute!
The only way for the spider to win a battle with the wind, is to let go and
suited for it!
As any sort of clinging on to a branch, that the wind blows fast past; wor

Yesisreal was just a normal water spirit like any other!
The difference is that Yesisreal tries first always to check where it first
made its own egg.
Yesireal knew that it wasn't so long before in one of its life times, it had

As to remind us often, it visits us in one of our many different forms.

where all Yesisreal thinks is logic and love.
Yet many may ask well where did this light in the middle of the world tha
come from?
Not so much where yet when?
As Yesisreal remembered from being a bear and getting prickled, by cert

Then it struck Yesisreal that rather then fight each other, and try and kil
Yesisreal was trying to save!!
Nature, not man as man continuously from what Yesisreal saw tried to kil

Yet when they eat meat regardless of excuses, they have killed so can no

So where did it go wrong, well we have to go back to what Yesisreal fami

Yet Yesisreal brother and sisters are taking parts, yet are living in a box

So instead of web of Yesisreal where it is to catch flies and food, instea

Instead of building webs and helping others came to conquer and chop do

That was unlike any other and Yesisreal due to this found it difficult to g
It felt unlike any other spiders and was ready to grow and the leave the

So off went Yesireal on his own mission to help find its friends, who cou

Where did our story of Yesireal begin? Many are searching for and that i

Now to make the centre of a web it is circle that these points join to and
hopefully link up, as spider's web should; now we just need to rebuild th

not some building.
If not this is the last time Yesisreal is coming back as many of you feel,
Yesisreal can do, with out its children helping it; instead of hindering it
So if they hear this, remember the love of the garden and don't kill anyth

If you do, it is very difficult to finish the web with all points and so can'
make it hell as the web collapses that Yesisreal was trying to make to he

The reason is people are scared of Yesisreal shadow; they saw Yesisreal
Yesisreal shadow and thought it was real and forgot to see what was saic

Yet people don't see this and so Yesisreal works for them to destroy wha
