Summary: From a dictionary definition Christianity classifies as a cult, the

Some people have said that I am trying to start a cult; in fact it is far from
of the largest in the world. You see currently Christianity is as this dictionary

Now before everyone thinks I am attacking Christ I am not, I am trying to
made, i.e. John and Paul. You see Christ said it right, his principles are
discussed in the Pharisees books are not. People have been made to believe
testimony of Christ; when in fact this is not true. Christ was open and welcomed
of God, out into the streets. The editing done by the Pharisees took it back to
worship of God, back into the church and under religious control. People
something hidden?" well a lot of Bible meetings still are, and for centuries
was only allowed by the leaders of the church. It has only been in the last
reading of the Bible has been introduced to the public, my granddad is Protestant.
time, people were not allowed to read the Bible; only the priests were. That
and his efforts to have the Bible translated into English, for the people to read
that it was originally established with what we would now call a cult. Those
different for centuries have been killed.

Now if you look at the history books, you will see what I mean; that indeed
modern day cult would be.

A lot of people I have met will only show love to other Christians; disregard
being a light to all. If you are not a Christian, many will not accept you as
God, unless you follow what the Pharisees say.

From this definition of a charismatic leader, yes Christ was the leader who
system, so the Pharisees used him to convert people back to their way of

system. Not as Christ said and to have faith in God, yet they have taught is why within Revelations it is called "the mother of all harlots", as they worship something other than God.

This article is not to be against followers of Christ, yet for everyone to read scriptures i.e. John, Paul and Peter, and see the difference between what Christ and a worker of iniquity. A large part of this is the need to convert people, they do good simply to help people. Christianity is always trying to convert, a cult does. There is a clear line between showing people the teachings of God, and telling people that they should worship Christ. Almost all of this is John, Paul and Peter and not Christ himself. The following of communion (symbolic of a man's blood) is a religious ritual, which again as in another. In fact Revelations says those who follow this are condemned.

I think a large reason people can't see this is what happens within a cult, the leaders wish them to see. This cult has been running so long and is so strong, people believe it as the right one. The same goes for a cult, people believe that that is what they are taught to believe. I hope this all makes sense to you and Christ, yet the sect of the Pharisees re-writing things. Now the bit in the Bible itself this is all foretold, all it takes is people to open their eyes.
