Summary: How to fix many of the problems in the worlds religions as to m

To unite the religions many may feel is a hard task, yet there is a way ar
remaining in context of the religious books.
What many are trying at the moment is discussions, yet this doesn't get v
points that will permanently contradict each other. Having read most reli
things that will never be resolved; they can only be fixed. A lot of these

why is there contradiction if all religions are to serve God.
This is why much of this has also been foretold as occurring, so where to
The main problem and cause is the Bible; most Jews will not accept Yesh

The reason for this, is at the time the Pharisees didn't want the Jewish p

The next point in this, that Paul being an X-Pharisee, contradicts Yeshua
Though most Christians would argue the fact, many intelligent theologian

Now this being said, it is easier said then done; as many Christians refu

This may sound strange, as is not Christianity the New Testament; well t

The next point in all of this is concerning the eating of meat, now Paul t

Another problem is due to an old way of thinking, many are taught that H

many other beliefs, God is one; we also can be.

In some translations of the Bible, and in even in my dictionary; the word
misquoted. Paganism is a religion that believes God is everything, not th
or a heathen, who has no religion. This has been introduced again by the
way to stop people acknowledging the truth. As God is indeed everything
not of the world that this was introduced.

All of this being said though, we can only unite the religions if it is mad
