Summary: What are the main causes of Judgement Day, and is it rectifiable?

Because in Deuteronomy 32:7-22 it references how the former theology of the Source of reality (God Most High - El Elyon), separated the nations among themselves (Elohim), and gave the Children of Israel to the Creator Divine Being (YHWH).

True monotheism is recognizing that there is the Source of reality, that everything is manifest by it, and there is only the Source (God), everything else is manifest by it.

Within Heaven there are 12 or 24 Divine Beings recorded in many religions as the Source of reality. Because people have forgotten about the Divine Council, people have forgotten about the beings sent by God from Heaven. If we quantify for a being to be sent from Heaven as an angelic whilst being in Heaven, and then it being placed into a physical body as the Son of Man (Avatar).

God being the Source of everything, means it is like a parent to us all. Yet people are confused because it is a book about the Creator's relationship with Israel. The Messiah, called Yeshua in Hebrew, and that interacted to separate the Red Sea (Exodus 14:29-30). The purpose of Moses was that the Lord would become our Salvation (Exodus 15:2). The Lord did many things where the Salvation of God interacted with them. When the world moved into the concept of it only being a man, and the naming not implying its true nature, it led to idolatry about a person, rather than the salvation that comes from God.

It was prophesied that the Creator would become the King of Israel, when he would be born and suffer many things at the hands of his people, then he will return to Israel. For the last two thousand years the Rabbinic Rebels instead of acknowledging the Messiah under the Curse of Moses (Deuteronomy 28), when they paid 30 pieces of silver for the King & Lord (Zechariah 11), they've then been exiled among the nations, waiting for the Salvation of God.

The Pharisaic authors John, Paul, & Simon the stumbling stone (petros) rewrote some of the prophetic ideas; yet in doing so messing up the theology. The Church is a continuation from the Ebionites, who were the original followers of Christ. The Church took it over. Because this has created huge religious factions, it will soon lead to Armageddon, where all nations will be gathered around Israel. It is possible to rectify the issues that will lead to Armageddon by education instead; and the unification between the Abrahamic belief systems, will also unify religion globally under the Source of reality.

The Divine Council are the Avatars recorded in the world's religious texts.
