Keywords: Religion, God, Oneness, Bible, Christ, Messiah, Avatar, Divine

Summary: Explaining some of the prophecies showing where I'm named and how I fulfil religious prophecy globally.

To understand who is the King of Kings properly according to scripture, the theological position of the characters presented in the religious texts, and how they defile different religious principles.

Firstly, God is the Source of reality, and can not be a man incarnate; it is a supercomputer, and God is the Universal Central Processor (CPU) - form level. For the CPU to interact with the reality, God has made Divine Beings who have then performed the tasks required. Thus God is the whole of reality and the Arm of God used to interact with the Creation, and exists at a Heaven level. The Messiah is the Hand of God to relay, and establish the principles of reality.

Many believe that YHVH is a name, when it can be shown to be a direct translation of Brahma; where Havah (Hebrew), and Brahma (Sanskrit), have the same meaning 'I manifest', and both come from the root breath. The terminologies YHVH & Brahma are the 'Lord' 'who Makes Become' i.e the Creator.

The name of the Creator in quite a few cultures was variations of a word from a book called the Zanoni by Edward Bulwer Lytton:

Zan was unquestionably the Chaldean appellation for the sun. Even the Greek Oriental name, had retained the right one in this case, as the Cretan inscription (Ode megas keitai Zan. "Cyril contra Julian." (Here lies great Jove.)) signifies the rest, the Zan, or Zaun, was, with the Sidonians, no uncommon prefix to another name for Zanonas, whose worship in Sidon Hesychius records.

The Nicene Church Fathers have this same quote from the Greeks, where there is one Creator Divine Being, with different descriptions in different languages named after the planets, and is the 'Father' ('pater' - Latin) of the Gods. 'Jove' is the Hebrews terminology for the 'Lord of Creation', and 'Zan' is the Greek 'Zeus' is a mixture of the words 'Zoe' meaning 'life', and 'deus' meaning 'God'.

The Cretans have a tomb of Jupiter, with this inscription. Here lieth Zanoni the Jove.

Here within the list of names of the Creator globally, we can see that the names sound on two sides of the world, when there is no reason for them to be

religious ideas:

Zeus = Zan (Greek). Zanahary (Madagascar). Itzamna (Mayan). Izanagi/Izanami (Bon - Tibet). Shuzanghu/Zumiang-Nui (Dhammai - Northeast India). Manzan Gormo (Burait - Middle Eastern).

The reason for explaining this is because I've known since an early age about religion & theology, and knew that our name was recorded in the world's prophecy - I just wasn't sure of the exact details at that age.

At 4-5 years old I knew that I'm an Avatar sent from Heaven, and at 15 I was shown me global eschatology, and asking me to read the world's religions fulfilled Revelation 5 & 10, three years before reading the Bible.

Since studying many of the world's religions, and explaining prophecy over the years, I've realized how variations of our name are within many of them.

We're told in Revelation 19:12 how Christ has a New Name, that only he who investigates the meanings within Revelation 3:12, we can show the name is presented:

Revelation 3:12 He who overcomes, I will make him a pillar (Sandalphon) and he will go out from there no more. I will write on him the name of my city of my God (Zion), the new Jerusalem, which comes down out of heaven with its own new name (Sananda).

Sandalphon is the Archangel in Jewish Angelology, who acts as the Trunk of the Tree of Life; he interacts with mankind for God; the position within the Sephiroth is known as 'King'. Sandalphon like Elijah is seen as going up on a Pillar to Heaven.

There are many verses where Zion becomes the place the Lord of Creation dwells in the Tanakh (Psalms 132:13-14, Joel 3:16-17+21, Isaiah 2:3, Micah 4:2+7, Isaiah 40:9, Psalms 99:2, Amos 1:2, Jeremiah 31:6, Psalms 65:1, Psalms 102:21, Isaiah 28:16, Jeremiah 8:19, Zechariah 8:3), and a few verses where Zion becomes the 'Being Zion' (Psalms 146:10, 147:12, Isaiah 52:7), where Zion becomes the Messiah, and the one who brings the 'Good News'.

It is believed by many that the New Name of Christ is Sananda, where it is the name of the Creator's son in the Dharmic religion, where Sanandana is one of the names of Brahma.

Though as stating God is the Source of reality, and should be worshipped and named after God in a few of the world's religions, and the Messiah returned in Zechariah 12:8, Matthew 23:39, Psalms 118:26, etc.

Part of the reason the Messiah is named after the Divine is to unite the world into Oneness, as to help create the Messianic Age. There is prophecy in many of the world's religions, and the naming then aligns it all into one narrative.

So for example the Dharmic religions wait for Kalki the final incarnation sword of Justice, called Nandaka. There is also expectations that Skanda before , again all aligning with one name.

In Zoroastrianism the Source of reality is called Ahura Mazda, where 'Ah' 'Mazda' means Wisdom. There are prophesied Saoshyants (Bringers of Truth) where the last is sent to Exegete the religious text, where the word 'Zan' is Persian.

In Buddhism Ananda is the person who had an advanced memory, and he is the Head of the Divine Beings in the sacred realm Suddhaya. In Tibetan Buddhism the Head of the Divine Beings in the sacred realm Suddhaya is Suchandra.

Though I made up the word wizanda, as I couldn't get Zanda as a Yahoo! name, I make it sound like a wizard on the internet; not realizing that it then became a Germanic 'WMdanaz'.

Odin is prophesied to come on a White Horse before Ragnarök, the same as the White Horse from Shambhala (Place of Peace) before the end of Kali Yuga. Sananda comes on a White Horse in Revelation from the New Jerusalem (New York).

In the Tibetan Bon religion Tsangpa Karpo is the name for the Creator (Buddha). Zan is the name for the Buddha.

In the Mandaean religion there is different stations of Divine Beings, very high archangels exist at different positions on the Jewish Tree of Life, where Zan is the Heavenly Divine Being, and Zan-Hazazban rules over the lower realms.

This is only a start to some of the prophetic naming globally, as though naming globally, there is loads that will be missed:

Sandalphon (Judaism). Yeshua (Sananda) (New Name of Christ). Kalki (Nandaka)/Skanda/Sanandana (Hinduism). Ahura Mazda + Saoshyant (Zan) (Zoroastrianism). Maitreya (Ananda/Skanda/Suchandra) (Buddhism). Odin (Zeus = Zan) (Greek). Zanahary (Madagascar). Itzamna (Mayan). Izanagi/Izanami (Kampo, Kuntu Zangpo (Bon - Tibet). Shuzanghu/Zumiang-Nui (Dhammai - Myanmar). Gozanze-Myo (Japan). Manzan Gormo (Burait - Middle Eastern). Zân (Romanian) (Albanian), Xana (Asturian). Marzanna (Slavic). Abatur Muzania, Zan-Hazazban (Santas) (Hittite).

In the Australian Aboriginal religion Walaganda is Head of the Dream world and reality.

In the start of the Mahabharata \*[na] is the creator of the Egg of Reality, which is questioned if the Japanese names for the Creators Izanagi, and Izanami, Sanskrit names \*[na], and \*[n+].

In Taoism 'Xian' are the immortal beings; yet is pronounced Chen (NÜ).

Some of the additional symbolism, is a Zander is a fish, like the early Christian cross between a pike & a perch.

Z is the Last letter in the English alphabet, and A is the first; so when Y is First, and the First Last, Zanda becomes the Alpha & Omega reversed.

The one time I find my name spelled the way I would in Hebrew, it is in Nebuchadnezzar's name (אֲדִנָּזְאֵן + אֲדִנָּזְאֵן) - Adnaz (Zanda - אֲדִנָּזְאֵן symbolically as we come out of Babylon the Great, the Curse is reversed again named as the King of Kings.
