so young yet so found
so free yet so bound
by things all around
so deaf to the sound of

your own heart beating trying to get thru
trying to tell you
youre the only one that needs to be free right now
so sit still and attempt to heal yourself

the older the wiser
sayings dont mean much to me these days
im going by living
cant seem to commit to traditional ways

concepts are changing
unseen rearranging
so when i start lagging
im the only one who needs to be free right now
so sit still
and attempt to heal yourself

everyones so busy getting angry bout the ways they never got their mone
feeling ticked off and sad bout what they never had but deep down i knov

scraping
the bottom of the barrel for a peice of shiny metal
so i went and replaced it with a petal and i sat still and closed my eyes
and saw

a reflection of me
staring str8 into my eyes
my skin was glowing
no longer have a to wear a fools diguise

my heart is beating
wanting to get thru
wanting to tell you
youre the only one who needs to be free right now
so sit still and attempt to heal yourself

see wizanda no typose in that one!! heeh i made sure lol
that is one of my songs its called "heal yourself" (easier said than done
