IGNORANCE
It seems many of our conflicts and wars are based upon these things. We would like to see us work on these things in future posts and strings plea depressing.

We are seeking ONENESS = One True Faith and this seems an area one m fortunate many of our family on our site are not consumed daily by such such flux, many will be at least within the jungle that will reach out to to way. As you said, better to stay prepared.

Ask the question differently please?

I can feel Joy... I have known the same joy you have...
I agree Joy is in Heaven... it is also within me and within you and others yet what else is Heaven? How does one convey to another who has not ex is? I can not find words only deep emotions, even tears of Joy, rapture i aura as I contemplate it, pictures rolling within my mind, elation, a racin knowing faith of God as I understand Him, beauty, brilliance, song, lumic to find all things with mind and then search my heart and my heart mind separate Joy as a concept any easier than I could tell you What is God?

Ok, you can be alone again...

Would you like more tea before I take my leave?

In Love and Gratitude,
