This is dude here, I am not sure what you are talking about here Suzy. It path wa; up thru the spinal cord. It looks like twin snakes circling the sp kundilini one time, 7 years ago, and I had a vision of the sun. I was med up in the mountians above Denver, Colorado. It was twilight and the sun deep trance, I visualized my kundalini flooding with the suns energys. Th energy rushed up my spine, I jerked straight up from that rush, and my m as it hit my head. Instantly I saw the sun in my minds eye, with a golden started banging open and close, as the suns energy of brilliant white ligh from behind it, trying to open, or push the triangle open. It started to op so to speak) and it happened so fast, it spooked me and I broke out of th had never did that, I could have had an out of the body trip from that.

I have never been able to duplicate it since that time. I was just learning then. things escalated for the next three years as I experimenetd with va trying to figure out what our bodys really are, and are capable of. After image, so that means something beside two arms, two legs, a head, and SuzyQ...
