This seems to me to be more of a judgment about society then a plausibl
First of all who is to say how many people should be allowed to live? If v
that quota may be, who is going to be the one to put to death all the bab
Also who is to decide who gets to live where if we aren't allowed to crea
really make sense to void ourselves of all thought and logic when people
their emotions? What kind of society would we have if all we did was liv
have a society that would be ruled by gut knee jerk reaction with people
infraction because they do not think to control their anger. They may re
they may not because they wouldn't really be thinking about the consequ
would they? Unfortunately I cannot condone a manifesto based on guilt,
God gave us free will so that we could learn from our mistakes. He is no
we want to judge ourselves? The best way to change the world is to live
