Hi guys - i see this had a tag 'solved'.. not so.

The missing link is karma.

Karma lives on in the unconscious of both the original perpetrator and the future ancestors) until seen, understood and forgiven (or said sorry).

Which none of us have done in an eon - seen the karma, understood and

Most do not even know we have pastlives, let alone understanding that we have karmic return.

Let alone forgiving something that happened thousands, tens of thousands of years ago.

And from my humble experience (of ascending and clearing karma) we learn each karma (where we lost U/C love .. where we were blamed, shamed, disrespected, invalidated etc)

As these karmas are completed, we finally 'authentically' embody Unconditional Love. As much as one may try to programme themselves to unconditional love, one truly embodies the frequency - that one IS the walking talking manifestation of Love.

Namaste
