Wow, that's cool what happens, if it just hits us all in a massive photon

I.e. Rapture, Fire from the sky, that a weight of an atom counts???? why
others throughout our history speak of the cleansing to take place?

Where people will be refined as gold in the fire?

Just an idea, yet wouldn't leave it out of the question as might be easier

Plus then those who are not interested in 666 = Carbon based life forms.
this....those who are not ready well....we have had enough warnings if th
polls on here end then just encase....
