Having to do some research on the Wingmakers bit...

Yet read the main Bible codes book by Chuck Missler...

Enjoyed the beginning and at the time had no understanding of ancient H
are both the same more or less).

So within the Torah they reckon that many words can be found foretelling

Yet this is ho'w' they find them
Wit'h'in sentence b'o'th direction and up and down.. = who

So the possibilities are endless and we could do thus similar with any bo

On me and I am is not so much God shouldn't be called by this, yet our self'

You see that is the main difference in between what Yeshua said and wha
said.

You see in the gospel of John they claim Yeshua said I am this and, I am
in Greek in the other Gospels he used me and we (I am Christ) and said "anyone whom
they are he, do not go after them".
Well that says go John, Paul, Simon peter (peter=stone) whom all proclaim him
am).

Many are now trying with this as their goal to remove the brackets of the EGO, they will be Christ (like) and see through
remove the brackets of the EGO, they will be Christ (like) and see through
Well hell was full of I am's (I am=ego).
The only way for us to ever remove the brackets is to be we are and that
in the middle of all we do and Oneness is all that is important.

So hopefully you see now why I don't like (I am) as the moment one pers
must...

Like the I am god and call me this name..of course if you do that someon
causes many reflections.

Anyways Hieroglyphic or ancient Hebrew (which is easier to understand c
pictures:

A=mountain, (a) ox head = so meaning strength.
Z= Corn cutter or Mattock etc...
Well imagine then if the inherent overall meaning of all words in the Bibl
looks at words in the language that was given us, i.e. pictures...we have
pictures to make words...

Yet originally that was a picture book, then those pictures they simplifie

So as for Bible codes there is one in every persons names meanings...

1 translates as a Modern meaning of Hebrew
2 translates into our own language
3 Translates into ancient Hebrew for every name to have symbolic meanir

Yet the Bible codes of where they use computers, to find some of them..
I would say no on the grounds of their evidence or means of getting it, is
translating
Ancient Hebrew -> Modern Hebrew -> Greek -> Latin -> English

Even that list tells us that we can't take a words translation to be correc
that list of translations going wrong are endless.

So like Adam and Eve..was Adam -> Atum -> Atam -> Atom? As Eve also
when in quantum physics it is the breath of life that animates every atom
I for one would like the Bible verified and accounted with all books, ques
very educated peoples in all fields of theology, socially and translation a

It is bit sick really as any other books that was distributed today, with th
would be taken off the shelf's straight away for a re-print.
