Most modern Muslims are most likely to be Muhammadans, and lets explain

It isn't an insult to call someone a Muhammadan, it simply means someone who follows Muhammad's supposed traditions that have been passed down; before following a religion as One, as the Source of reality is One, which is then a Muslim.

A Muslim by definition of Quran 2:285 respects all the religious books, and all religions without distinction:

2:285 The Messenger has believed in what was revealed to him from his Lord, and he has believed in his believers. All of them have believed in Allah and His angels and His books and His messengers. [saying], "We make no distinction between any of His messengers." And they have said, "We obey and obey." [We seek] Your forgiveness, our Lord, and to You is the [final] destination.

Those who do pick, and choose among religions is because they're unbelievers.

4:150-151 Indeed, those who disbelieve in Allah and His messengers and say, "We believe in some and disbelieve in others," and they want to adopt a way in between - Those are the disbelievers, truly. And We have prepared for the disbelievers a humiliating punishment.

Religion is one, the Quran taught Tawheed (Oneness), the worlds religions are a puzzle, and those who don't accept this, can not be a Muslim by definition.

4:136 O you who have believed, believe in Allah and His Messenger and the Book which He sent down before. And believe in His angels, His books, His messengers, and the Last Day has certainly come.
