The ideas in your films 'Jupiter Ascending' is my name according to the film. Jupiter's name is Zan, so I'm curious if you knew this on making the film.

The Cretans have a tomb of Jupiter, with this inscription. "Here lieth Zan"
[Nicene and Post-Nicene Fathers, Vol. XIII](#)

In 1999 I was explaining the Matrix in Ibiza to people at the fulfilment of what happened at a Doorway to Heaven.

The people who came were connected by entheogens, and for there to be a link between us, and for you to make it into movies I'm impressed at your story. A phenomenon which needs understanding better, which is why I write this.

On watching the films, and seeing there is a lack of understanding global neurologically link. In ancient times we see the Hindu had Soma, the Greeks had Showbread, and each was a psychedelic, which increases the creation of a global link.

When the pathways of the brain are increased with psychedelics, whilst a diet containing cannabis the brain will become enlightened. Cannabis connects to the endocannabinoid system, the brain can then become mathematically connected to the Source, as it goes beyond the maths of the Matrix.

We then can become a hive, children have these chemicals in the brain and many people are just malnourished, because of being fed alcohol which causes impairment, as do many man made chemicals, where we're poisoning ourselves.

Thus thank you for creating a partial education through your films, that has the magic to experience Alice in Wonderland again...

Hopefully the Matrix 4 finishes the equations.
