"Surprisingly, instead of continuing to increase or level off in brightness by ~0.5 mag from mid-May to mid-July," wrote a team of scientists headed by Harvard-Smithsonian Center for Astrophysics in an [Astrophysics Telegram](#).
Dimming Again

Zechariah 14:7 It will be a unique day which is known to Yahavah; not day nor night, that at evening time there will be light.

This is going to happen really sudden, when it blows.
