There is so much spiritual stuff talked about on the web with a lot of con
not fussed about
enlightenment; just profit.

Commerciality, not Spirituality.

wizanda is here to change that

a way for all spiritual people to have a say in one of the biggest discuss
known...

Like we've been having since the dawn of time, and it is still going on...

The only problem was that it hasn't been recorded from a world perspecti
anywhere, we just argued.

So we have set wizanda up so all across the world, we can hear each oth
idea of our world's opinion.

Please post back what you think, the whole site is free, and all that i wil

i am soon setting up as a charity, giving all of my poetry away, and also

wizanda doesn't ask for anything other then wisdom, if you have any site
likewise with any article's or poetry.
