@Aubrey Marcus & @Aaron Abke

Part of what both of you were talking about, and have experienced, yet is the holy anointing oil should contain Kaneh-Bosem (cannabis), and when like Essene Bread (Ezekiel 4:9); where it is sprouted to proof it - the barley is psychedelic due to the ergot within it; which is why it was boiled & then poisoned.

The Eleusinian Mysteries was that they had a barley drink called Kykeon that lead to enlightenment - which was made with an ergot mixture with psilocybin had to be cooked for hours like the Shewbread.

Now you both mentioned information being obscured by the higher classes ancient practises of using entheogens ('Generate God Within') to increase power forgotten, even though we can still see traces of it within the world's religions.

The Messiah means the Anointed One, and King David shared Shewbread (normally kept back to the priestly & regal classes) - as an enlightened savior.

Yeshua & the Disciples used the Holy Anointing Oil to heal (Mark 6:13, John 11:2) & told everyone when they fast, to anoint themselves to be rewarded within (Matthew 23:17).

The story of turning water into wine within the fraudulent Gospel of John & Dionysus doing similar (alcoholic deity of debauchery), and is actually similar to Christ (Anointed one), as alcohol & cannabis don't mix well - one is spiritual neural firing, and the other is rotten.

Yeshua said if you're his Disciples to only drink water (Matthew 10:42, Mark 14:22) & Supper in the Synoptic Gospels (Matthew 26:29, Mark 14:25, Luke 22:18) & not drink of the Vine, until the coming of the kingdom.

The Babylonian Pharisaic system thought alcohol, and meat eating were forbidden like the Hymn to Demeter, it condemned alcohol as causing muddiness of the mind & recommending Kykeon for enlightenment; Plato said 'that if it wasn't for alcohol we wouldn't have our democracy.'

Many ancient cultures used some form of psychedelic (make the 'Psyche') & between them the psychedelics increase neural plasticity, making it possible to access higher states of consciousness.

neural pathways, and the cannabis regulates neural firing (through our c
helps regulate the whole nervous system (Endocannabinoid System).
