Right on David, I was fixing to post a thread on ufos myself. This is Du fact a lot, of expertise in this area. Around 1992 I got into Ufos, went to bought 2000 dollars worth of videos and books and educated myself on it (shekinah) helped me tremendoulsy also, as that spirit can guide in ways

Anywho it became obvious to me after a short time that something was go after that I had my first sighting, of what I thought was a huge falling st and never slowed down. Thats impossible for a meteor to do that, and o doesnt allow that. Thats what I thought then. Later I found out about are government has a version of a ufo, that probably can do that. But nobody However several books are out by retired military types, who do talk abo by Lt Col. Phillip Corso is a good one.

It wasnt long before I started having lots of sightings of all kinds, back would see ufos of various sizes and types, doing amazing manuvors. Usu sometimes I had witnesses. I have never lost my interest in ufos so for 1 and some rather unique experiences. This could be a book, but will keep

I have found out, and this is important to remember that many various pl governments have them, but its classified. Satan and the fallen angels h archives like the ptyamids and tibet, ect. Heaven has them as well and s that, like 2 Kings 6:17 where Elijah prayed for his servants eyes to be op heavens ufos hovering all around them.. Hilter was building them at pern at the end of the war. Thats where america and russia and england got th scientists and papers there. Germany during the 20,s and 30's was exper was on the front pages of there magazines and newspapers of those time government are such assholes they lie and say, "we dont know". But it w germany for 30 yrs. I have seen some of those papers, and magazines.

I saw on the history channel this week that England has released all 10, sightings in england, they are going public about it after decades of deni saw.. Its amazing how a government will say to someone who sees one, " Then turn around and release 10,000 documants. What kind of chance do governments like this? Who the hell do they think they are? satanists? sidetracked. The point I am making is when you see one, it could be from government in humanity. They are not all bad like christians have been t all demonic, but then satan owns the churchs, and has them worshipping immortality of the soul, sunday sacredness, and spiritualism. All these a condemns all three of these, and calls it dragon (satan) worship. So its

the churches tell us, its all demonic. Satan doesn't want us to know Heaven, governments don't want ya to know they have them.. Heaven doesn't really but then heaven ain't running earth, satan is..again I don't want to get sid

Three weeks before sep 11th, i was camping high in the rocky mountain for my vision quest, learning esoteric things, magic, shamanism, energies, gr... could tell it was building to a crescendo, and coming to a head. So the spot was safe, and where everything could line up. I knew it was set for a certain night I walked out of my RV and looked up, there above me were 7 ufos or before. Four made a square, and three of them made a triangle, very low at one of them, I thought to myself, "I want to see inside of it". The next and was standing inside of this ufo. It was brilliant gold light inside. So a human form moved in the light and stood before me and said, "Dennis, in here, we are here to help you, now get out". It was an order, so I said my body looking back up in the sky at them. I went inside and started what i DO. IT LASTED NINE HOURS AS I LEFT MY BODY AND WENT INTO THE MOST SPECIAL PURPOSE.. ANYWHO, I COULDN'T HAVE DONE THAT WITHOUT H... CHANGE MY VIBRATION, AND HAVE DOORS OPENED IN THE SPIRITUAL... SHAMAN or hindu or new ager, COULD DO. SO IT TOOK HEAVEN'S UFOS SOMEKIND OF ENERGY, TO CHANGE MY VIBRATION, SO I COULD GET TH... AND AROUND THE GUARDIANS POSTED THERE BY SATAN..dabg it I hit t... mistake, shucky durn... The long and short of it is, once I got to where I effect, God opened the Alter by his Throne, where all the martyrs are, and into the grids of earth. That's all I can say about that...This is all on the ask....

Now I recommend a sight called, iwasabducted.com - its a place for abductees to meet each others. There are some very nice people there, I studied abductions doing is grabbing women when their eggs drop, they take the egg and re... make new life forms from these eggs, by mixing it with other types of DNA the little grays come from. They are test tube creations and forced thru... are draco reptiles also who are just mean, which appear to be part human taken from women abductees. There also human looking hybrids who are outside but something else on the inside. Many of these are on earth in... from abducted women's eggs. Satan cannot create life by spoken word like he has to start with life, like a living human egg.

Satan's really perverted, any satanist should just leave this twisted entity. I had 3 tall grays materialize in my living room about 2 yrs ago. They got recorded. Unfortunately I don't have the tape, but Heaven's forces do have it presented to Jesus, letting him know, "Dennis is at it again". lol Anywho won't go into it here. After that, I was followed by a huge ufo for a few days. It was a principality's or satan's personal ufo. I don't know for sure. I... the grays appeared in my home. I was walking out of wal-marts about noon people. I got about 10 feet out the front door and looked up. There was a tornado springing up and down from its surface, with lighting blasting and came in a thousand miles a second and stopped right in front of me and it was only about 500 ft up, really low. The other people's jaws dropped open their heads, and they all started backing into wal-marts, never taking their eyes off it. I waved at it as I walked to my car, and got in and left. I am so used to u

sightings in 15 yrs, i dont even slow down for em anymore. Anyways it f parking lot and suddenly it started pouring rain down so hard on me, I co windshield. I drove anyway figuring no one else was on the road in those later it quit and the ufo was gone. I guess satan had to do a personal dr grays got caught on tape while in my home, while I was gone, and that w to test my fortitude, I think.. I dont really know cause he aint talking to governments, an asshole...

Let me expain why I dont care anymore and cannot be intimidated or sca much anymore. The night of sept 10th at 9pm, I was driving down the mo feet up. At about 9,000 ft I broke into a clearing and could see the night falling star, with a red and yellow ring around it coming in from the north me, it slowed down and stopped, right in front of me. Well I knew it wasnt could see a window on the side with light coming out of it. But this ufo w never seen a black ufo before. Using telepathy I projected inside this bl this"? The reply came back, "this is a death ship". I became alarmed and see inside the ship, even trying to project my spirit body inside to see. B bright golden light again, plus something wouldnt let me project inside, i asked in power and authority, "who authorized this death ship"? The answ got real quite as I pondered that. I didnt believe it, so I took authority o demanded again, "who authorized this death ship"? The answer came bac screamed at them, "By the power of Jesus Christ do not lie to me, who at the answer came back, "Jesus".. I sat ther stunned, looking at this death of me. As I slowly realized and accepted the answer, it slowly dissappea with my own resolution, concerning their answer of Jesus. Once gone I d and went to bed at my camp. The next mourning I woke up and it was Sep forget that, and knowing that Jesus signed off on the twin towers to be t satan will be killed by Jesus in the lake of fire, when Jesus gets ready t stop it. Satan is gonna get killed by Jesus, he is not immortal, another I

Ufos dont bother me anymore when I see them, doest matter whos they a and a mighty King whos name is Yashua. And he will kill all wierdos, per that day comes. And I cant wait. So when satan showed up to scare me, I car and drove home. Piss on him, I dont have time for intimidation from s mistake on his part. It just brought heavens ufos in closer to me, for the satans ufos away. I saw them many times. I knew ther was a war going o can really take ya higher, in Jesus that is. Praise his name...

Anywhos this is just a small part of my ufo experiences. I have learned them. There is a group of feast keepers, down in Texas at Weslaco, that government has run them out of the country. Theres just a headquarters been there 3 times taklking to them. Amazing people.. I want my own Ufo one but me. I know electricity for 30 yrs now. I understand anti-gravity te had about 100,000 dollars I could get one built. Ya just goota be careful confiscate it from ya, cause they will. Ufos were built in the late 1800's By the early 1900's there were schematics in several science labs to bui the money from Tesla, and our government killed him later, many think. E

killer governments. And america kills our boys all the time in wars for dr (vietnam) for politics and for big business. Very few wars are fought for about greed and power.

At the battle of Troy and in Alexabder the Greats time; Many times ufos battles for some of these ancint empires. Its comen knowledge back the knowledge now, for anybody who wants to know. If ya want to know, your change, and it will start to come to you, because your magnitized for it n emotion will create a magnectic field in your body that will oppose all kn wont happen. You are your own creator in these areas. To be closed mind minded is life. Jesus taught us that, but how many christians have been minded by satans denominations on earh today. I mean look at it, any su entire world teaches satans doctrines. And those doctrines are: all huma sacred, and spiritualism.. So break out of the religious matrix abd be set is.. Man that was a huge hit David...You hit monstrous with that question brother, pleasure to meet you... Dude out! Whos next? Dont be shy now
