Unity follows in the mystical traditions present in the world's great religions. We bring God's Presence into our lives in ways which make our lives easier, more harmonious. We shift from having God be a Sunday conversation, to a Daily Conversation which helps us throughout the week.

Unity has gleaned from the scriptures of many faiths certain universal laws for peace of mind. We learn how to change our lives for the better using these laws which are the Law of Mind Action, the Law of Giving and Receiving, the Law of Attraction and the Law of Love. We have found that by applying these principles our lives have been incredibly enriched and transformed with deeper relationships, abundance, peace of mind and a fulfilled life.

If you're into quantum physics, the merger of science and spirituality or "What the Bleep Do We Know?" you will find kindred spirits and seekers at the Valley. If you're familiar with the books of Deepak Chopra, Wayne Dyer, Oprah Winfrey, Gary Zukav or Maya Angelou, or seen these authors and their work, you will be right at home at Unity Church of the Valley.

"I didn't know there was a church that actually taught what I have always learned as an attorney-at-law"

"What I love about Unity is that they don't force feed a bunch of man-made dogma. There's an open-mindedness and inquiring nature here which I find refreshing." S., marketing rep

Unity was founded in 1892 by Myrtle and Charles Fillmore, not as a separate religion but as a spiritual movement within religions. All people, regardless of denomination, can benefit from a metaphysical interpretation of scripture, which empowers them to live more fully.

We are affiliated with Daily Word, the little monthly meditation magazine that is read around the world.

Unity is powerful, practical spirituality. We follow the teachings and examples of the world's history including Jesus, Buddha, Patanjali, Meister Eckart and others. We are present in and works through all religions.

"A Course in Miracles" is a remarkable text which inspires us. If you have a modern revelation we suggest you will find it not only highly challenging but also deeply comforting.

Reverend John Considine draws upon a lifetime of experiences in business and spirituality to help us understand the true nature of our lives.

John's messages are stimulating, uplifting and entertaining. No one fails Unity! We teach an empowering metaphysical interpretation of Scripture the best in us all week long. It's "practical spirituality" and we discover health, wealth, well-being and peace of mind.

"Unity is not about being a good person so that you can go to Heaven so is about leading a Spirit-filled, loving life so that you can enjoy Heaven
