Hi David, seems I am back for a week, soz lets roll! Plasma sheilding so
am kinda like you, if I could get the super secret stuff, I could put a lot
work for Majestic 12, and things like that.

As far as public stuff goes, they dont want to compete with individuals
their way. The bible tells us babylon is an evil force. It goes on to say t
"sheeps clothing" are controlling the last generation. So they aint gonna
they cant controll us if they did. Think about it, we have had free energy
since 1910. Nikola Tesla figured that out. JP Morgan pulled the plug on h
stopping the money flow. Because JP Morgan knew he couldnt make mone

Now Governments want to controll the world into a "new world order".
worshippers, which is what many books now say, they will not give us fre
imperative they control Gods people. The only way to control us, is by co
us to buy gasoline, they can shut us down anytime they want, by stopping
pumps. Satan wants to hold hostage Gods people by forcing us to use tec
from big corporations, which evil, greedy people own. If we had free ene
hostage like hes doing..

The ET question is interesting. They are definatly holding us down bec
card. For one thing it depends on the ET. The tall and short grays are sl
Lucifer and the fallen angels. This is seen by the religion they preach, s
Gods", all "mens souls are immortal", and, "there is no real God"; this is
sounds like dragon doctrine to me, or satans doctrines. Its the same stuf

Not only that, but there are tens of thousands of women who are abdu
womens eggs when they drop from the overys. These eggs are used to ma
knows what else. Not only that, but the biggest prof they arnt from God,
abductee starts praying, or saying the name of "Jesus", the grays stop w
return the women back to their homes. Now I have given you 3 things tha
from God, but some evil force; which has to be the devil.

As far as travel goes, I know this. There is a travel dimension that the
They dissapear when there, but the main thing is, time stops there. So if
end of the universe, and use this travel dimension, there is no time invol
government has been blocked from ever learning how to access this. The
already, working for big business and satan, to ever be trusted with this
read about all other technology; that is astounding, like time travel, the
mind controll, HAARp, ect - it all seems to be run by satanists. They will
people to develop this and run with it, because thats been done, but they

killed/murdered.

It is satan who runs this world. It is satan who controls technology. It Gods people on earth. It is satan who controlls the denominations and fo go on and on here, but dont want to run off on a tangent.

Hears some interesting stuff, at Montuak; they have developed a new t equipment. Its about the size of a walkman radio that clips on your belt. One positiion makes you dissapear, but you can still see this realm.The disappear into the real time zone where you can see our astral projectior dont remember what it does. Think of the advantage they have with a dev the body, without being "out of the body".

Again these are satanists that controll this technology. If the grays a only to satanists. Hitler was in contack with Et's. But when he started do left him and the grays stepped in and continued contact with Hitler; but jews. The good Ets Hitler was originally in contack with, were the pledia about that tho. So dont quote me on it.. But watch out for the grays, I ha ago, because of a phone call I made. They are not good guys, but are for satan and the fallen angels.

I should tell you many shamans can disappear and reappear a thousan travel dimension, I mentioned earlier. This is something that could be ta on earth. But do you think our pentegon will do that. No way, not if its a controll christians popping up at secret meetings of satan and satanists, Yashua , to break it up and send the devil running like a coward. How lo pushed out of his own meeting, like that? Not very long, his whole empir

So if satan doesnt controll this technology, his empire will be destroy would go after him, with this ability. This stuff has always been around, controlled it, knowing it will be his demise if he doesnt. Being a follower with the Devil. And he is already forced to submit to the authority of any nameof Jesus. If Believers got wind of time travel, and dimension travel; kingdom on earth. And thats probably the most important reason this is a explain some of this stuff, David.. Been a pleasure talking to ya.. Whats
