Me I put my crystals in a mountain, so they will stay untill.....????

My heart is also there then, and so my aura can be bigger.

Thinking of which, if there is a circle band around the equator of cyrstal way around the world, I wonder if it is a rainbow?

(I will have to check the charts properly.)

Then can't you connect to that?

Rather then digging them all up?

I keep burying them all to keep the alignment and everyone digs them up
