My universe, my reality, my existence is my God, I am my God.
My God is all that is, my God is me.
My God is all around you and I.

I am an extension of my God. I am a part of my God, my God is a part of
is omnipresent, my God is omnipotent, my God is omnibenevolent. My Go
is all that is within and without. My God builds the stars by himself, my
the creator, just as I am the creator. When I understand and know my Go
possesses, I may possess as well. My God gave birth to me, my God is m
offspring. My God knows no limitations, my God recognizes no restriction
is, has been and ever will be. This is WHAT my God is.

WHO is your God?

You argue and kill over "Who", instead of figuring out "what".
