Saying this though I have been given a magic ocarina from friends all over the world, a religious symbol given to me on it.

Yet as I was saying the flute is useless without the player, 99% of the time.

Yet saying that if I am going into a situation, where I may need to fight off the forces of Babylon in town some times if I have to approach negative people.

It is handy to have on as the sense of that all these friends who are very close to me.

The fact it has a rose quartz pyramid, from my first ever girl friend's innocent love, so bringing the power back, that, that contains.

Each symbol has a reference and that when in front of my heart, I must stay away from bad energies and keep a protective aura around me, sometimes otherwise I forget and let negatives slip in.

Now as any untrained shaman would say it the flute that has the power, it is I.

I channel the love I had for the people and it has power as I believe it.

Really it is a piece of clay that plays beautiful music with many pieces of love attached to it.

Maya!!
