There is no way to explain how I came to arrive at this decision or even god's help. Basically The Commandments, I Ching, numerology and dimer have still to research what other beliefs do, yet I presume most are similar in sense to me. Let me start by going over the commandments.

1: You shall have no other gods before me.

2: "You shall not make an engraved image for yourself, nor any likeness above, or that is in the earth beneath, or that is in the water under the earth; you shall not bow down to them, nor serve them; for I, Jehovah, your God, am a jealous God, punishing the fathers on the children, and on the third and on the fourth generation showing loving kindness to thousands of those who love me and keep my commandments."

3: "You shall not take the name of Jehovah your God in vain: for Jehovah will not hold him guiltless who takes his name in vain."

4: "Observe the Sabbath day, to keep it holy, as Jehovah your God commanded six days, and do all your work; but the seventh day is a Sabbath to Jehovah: you shall not do any work, you, nor your son, nor your daughter, nor your man-servant, nor your ox, nor your donkey, nor any of your livestock, nor your gates; that your male servant and your female servant may rest as well as you, that you were a servant in the land of Egypt, and Jehovah your God brought you out with a mighty hand and by an outstretched arm: therefore Jehovah your God commanded you to keep the Sabbath day."

5: "Honor your father and your mother, as Jehovah your God commanded: that may go well with you, and that it may be long, and that it may go well with you, in the land which Jehovah your God is giving you."

6: "You shall not murder."

7: "Neither shall you commit adultery."

8: "Neither shall you steal."

9: "Neither shall you give false testimony against your neighbor."

10: "Neither shall you covet your neighbor's wife;

11: "neither shall you desire your neighbor's house, his field, or his male servant, his ox, or his donkey, or anything that is your neighbor's."

(Deuteronomy 5:7-21)

12: love one another through god's love as Christ did.

This is my commandment, that ye love one another, as I have loved you. More than this, that a man lay down his life for his friends.

(John 15:12-13)

13. Spread wisdom as Christ did.

And he said unto them, Go ye into all the world, and preach the gospel to every creature: whosoever believeth and is baptized shall be saved; but he that believeth not shall be damned. And whoso shall follow them that believe; in my name shall they cast out devils; they shall take up serpents; and if they drink any deadly thing, they shall not hurt them; they shall lay hands on the sick, and they shall recover.

(Mark 16:15-18)

Now if you know the vision of Daniel concerning the ram and the goat and their horns, as Christ came out with two commandments.

Then let's have a look at the I Ching and how the numbers work in eastern philosophy who do not know the I Ching is about 5000 years old

1. Oneness, I, The thing that everything is made of
2. Couple, complete number, an image
3. Solid object, the building blocks of life, logic
4. Time, movement, flow
5. Waiting, still, disorder, contemplation
6. Man, not enough
7. Heaven, yang
8. Earth, yin
9. Chaos, before completion, too much

If the I Ching were to continue and contain the extra as to match all the dimensions like so theoretically

10. Completion, finished, life, simplicity
11. Love, compassion, peace, harmony
12. Wisdom, noble truth, unconditional love, completeness, humbleness

This would be in keeping with the logic of the I Ching adding an extra extra dimension to the rhythm the same as if you played jazz. It would then make the I Ching a complete image could have expression, either hard or soft.

Now if you can see what I am getting at the Dimensions

- 1 = length
- 2 = width
- 3 = depth
- 4 = time
- 5 = Gravity

These are where we have got to with science. So what else is there out there beyond these? Existence, so from both the commandments and the I Ching let's add the other dimensions in. The same as we knew in the past yet the 13th dimension is the ultimate wisdom not man.

6 = Matter, Physical.

EM waves (radioactivity ect.), light travel through space therefore they are a sort of existing quark

7 = Anti matter, non-physical.

For every action there has to be an equal reaction so therefore something must exist matter or existence

8 = Infinity, unlimited time.

On four we only look at the existence from a now perspective. Yet existence is then that and contained by time; as gravity produces time.

9 = chaos

What can we have outside time?

10 = everything exist on a whole, Zion

For the universe to exist as a whole it must be encompassed

11 = heaven, love

Love as many say adds a dimension to life. The universe works in symbiosis

created it, must love; we love; as does nature!

12 = wisdom

What ever has created us has immense logic and organization. From local to global we can see it has ultimate logic

13 =god, everything, ultimate oneness, center of the universe

Where else did it come from and how else could it exist? When it continues to exist?

Miracles happen people, are reincarnated it a proven fact Christ even said that he would be back again soon!

So something more then anybody can possibly ever imagine exists and continues to exist every last one of us out if we are willing

Now let s look at this all together. These are two of the oldest books in the Bible by chance. Do we understand he is one and shows us all?

Not just some of us, which is ego, not the way of god but man!

This is why 66=fallen man and 666=fallen man who believes matter and ego

The mysteries of Babylon .

Ok if you understand me, you will see why people say they see steps where there are none. Druidism is an oak tree of wisdom to heaven along with a lot of other myths and beliefs together to re explain the commandments from a world view in myths.

1. Do not worship any other gods including your self, in all ways lean on god. Do not lean on what is in some ones heart. Only god does so let him pass judgement on you. Do not argue and want to say something back, but do you really know where they are coming from? No only god does, can you change there heart? No! you can only change your self. God doesn t change.

Only that little voice of god inside them can change them. So lets all lean on god in peace instead of being I and egotistical for it is all vanities.

2. Do not make an idol or any image of god what so ever. How can we worship an image? Every one of us sins even though we don t mean to. God is one and all things are one. We look at all religion. We can t help worshiping each other at times, it is human nature. Learn by our mistakes; Every last one of us.

We are in the book of life we all have to learn from it; to be tested the same way. Plus when we lean on each other for support we drain each other, if we are not on god we love through god he makes sure a path is straight.

3. Don t give god any name if god is transcendental and infinite, how we can name him? even god only comes from the word good. So how can we take something good and turn it into a bad word this is daft yet we all do it and blaspheme! if god is truly one the universe even his name would be to much for us to take so how do we think we can name him?

4. Do not work on the Sabbath which ever day that may be for your culture. It is a day of rest else you over do your self. Meditation is needed ever day in a constant state of awareness, this is need as to be able to be still and true. Spend time with people and share in what is good to help spread gods love and wisdom.

5. Respect and do not dishonour your parents. When it says one farther or mother

one father being god. Therefore one mother being mother earth for with o we have a symbiosis with her. The same as when you are in the womb.

6. Do not kill anything. If we kill we are one with death. when we eat dea what you eat as all is matter and what ever you eat you become.

7. Do not commit adultery to look in desire is as well. For why do we loo objects, it is ok to look at a flower. But to drool over it when it is not yo rotting our minds. If we all think in 7 and create in 6 then this is why so thought when in harmony.

8. Do not steal. Why steal? If we trusted as a family there would be no n enough. Yet we all fall down to the 1st step and go I want it is mine. N moves in time and the tress and plants get what they need in due season

9. Do not lie we wonder why the world is in chaos of course we are just t The truth sets us free don t lie to your kids. It confuses everybody more Yes I know it is some times harder but it really does set us free.

10. Do not desire anything of anybody else s because we all feel it in sp something of yours it leaves you on edge.

11. Love one another as Christ loved for Christ was love and we killed hi the truth. He was foretold in many faiths for who he was. If the bible was promote Paul s faith more then Christ we would know this (please read m info).

12. spread wisdom of all that is good for when we start to be like Christ out of the order of Melchizedek meaning prince of Salem(peace) in the bi of god. God gives us knowledge and it is selfishness alone that makes us Unless we learn that unless we share we will get no where and destroy th revelations speak as it does. So be warned!!

13: If the universe stays in constant balance as does life. People get mi one of our thoughts. Therefore if this is the case god must be all things cause miracles. So this is the final level as all prophets have learned of our self s.

This is just theoretical, I would be interested to see how many people co think
