Hi SuzyQ, well I know "milk thistle" has something in it called "sylmarian" up. Its used to help alcoholics rejuvenate the liver. Evidently the liver is needed in serious rejuvenation. It works really good!

also there is an electrical frequency; that kills cancer in it various stages discovered this in the 1930's. It never did get off the ground because big (AMA) shut him down. He built three of them, and gave one to the san diego two hospitals in Tiaywana, mexico. All 3 hospitals sent them back after a worked so good, they would have to shut the hospitals down. Thats when systems got involved, and bought up the local govenment of california, w and threw him in jail. But his invention is available, look up Royal Raymond it out. He also found the frequency for every virus known at that time, it can be killed with this technology also. Anywho thats my two cents suzy, care kiddo! peace -dude out here. i forgot to log in!
